MONEY FOR WISHES: Todd MacKenzie, left, vice president and general manager of Fircroft, Inc., and Kathryn Eberwein, manager of business development for the company, present a ceremonial check in the amount of \$5,000 to Pat Powell of the Wishing Star Foundation. Fircroft supplies contract personnel to the Hanford Waste Treatment Plant Project — the vitrification portion of the River Protection Project. The company sponsored a charity golf tournament at Columbia Point Golf Course on June 2 to benefit the foundation and help grant wishes to children with life-threatening illnesses.

RENEWING THEIR COMMITMENT: CH2M HILL Hanford Group employee Jack Kalia leads a game of “Safety Squares” during the company’s “Communicate the Commitment Day 2001.” CHG employees gathered at Richland High School June 29 to participate in sessions on safety and the company’s mission and strategy. The games reinforced employees’ safety knowledge, and they enjoyed a barbecue lunch served by senior management. Information booths covered a variety of safety topics.
